NEW DESIGN PROFESSIONALS PROGRAM: What it is and How You Are Involved

The New Design Professionals program encourages aspiring industry designers, purchasers and specifiers with less than 3 years experience by inviting them to the 2010 Hospitality Design Exposition & Conference where their hotel and travel expenses are paid.

As an exhibitor at HD Expo, you are automatically a co-sponsor of the event, with \$50 of your initial booth cost contributed towards the New Design Professionals Program Fund. All proceeds from this fund are used toward travel and accommodations for the New Design Professionals Award Winners.

NOW is the time for you to submit up to five nominations for the 2010 New Design Professionals Program. Please remember to include only those individuals who have less than 3 years experience. When all nominations are received, winners will be selected randomly and will receive a travel and hotel expenses paid trip to 2010 HD Expo & Conference. Note: Participants are not eligible.

We urge you to take advantage of this great opportunity to nominate future industry leaders and provide them with an excellent opportunity to learn and grow professionally.
